To Whom It May Concern

As the Production Director of Cambridge University Press Australia I have dealt with Ligare Pty Ltd now for more than five years and have no hesitation in recommending them as a print supplier of choice.

Over the years Ligare has printed cased and paperback books for Cambridge Australia, ranging from academic monographs to reference works and trade paperbacks. We have always found them to provide excellent service, both in the prepress and printing areas of their business. The relationship we have built up over the years has meant we can rely on Ligare to understand our business needs and to provide the support and service we require to meet both our deadlines and our quality requirements.

I would be happy to provide further information if required.
